THE CONSTITUTION

BY W. A. HEMPHILL & CO. | ATLANTA, GEORGIA, TUESDAY, JULY 20, 1869. | VOLUME II--NUMBER 29

EVENING EDITION.

ATLANTA, GEORGIA:::::::JULY 19.

☞ Gen. Prim thinks that the separation of Cuba from Spain is only a question of time.

☞ Harey, the horse-tamer, has turned up at Louisville, after an absence of ten years.

☞ A new method of whale catching is by electricity—making the shock powerful enough to paralyze the fish.

New York Fire Department.

The Fire Department of New York city consists of 592 men, in 52 companies. A number get a salary of $300 a year. They have 37 Engines and 15 Hook and Ladder Companies. Second sized Steam Engines are better than first size. They have 33 buildings. In 1868, the fires were 740, and losses $4,343,371. In 1867 the fires were 134 more, and losses $1,368,692 greater than in 1868.

The paid system of Fire Department has been proven the best—less fires, less losses, less riots, less depredations, less disorders.

At the first alarm of the bell, one-sixth of the whole force repair to the fire; at the second alarm, double that number turn out. It takes less than half a minute to harness up and leave the house.

The companies have roll-calls, draw rations, and get leave of absence as in the army. Fire Commissioners have to examine houses and stores, to see that the regulations are not disobeyed.

The whole matter is one of methodical, regulated, scientific organization.

☞ At the big colored Educational Convention, in Louisville, Major M. W. Delaney, a negro officer, spoke. He thus quothed:

I will compel the biting, sarcastic George D. Prentice to acknowledge me as his peer. [Laughter and applause.] I will beg no man's pardon for being black. I have just as much right to be black as a white man has to be white. I am just as proud of my blackness as he is of his whiteness. I want all white men to understand that what they dare assure, I dare to assure also. They also may claim the credit of everything for the white blood. Well, Fred. Douglass made a speech in Kentucky. An Irishman said, "begorrah, [laughter] can a nagur talk that way." Oh, said the Tuckinians, he is only half nigger. "Be faith," says he, "if a half nagur can do that, what can a whole one do?" "Loud laughter and applause.]

Thomas Jackson, a native Kentucky straw-colored human, next delivered himself in this style:

He had read an argument by some man in New York that the negro had sprung from the monkey. The basis of this argument was the length of the negro's heel.—[Laughter.] Now, the monkey has no heel, so the shorter the heel is the nearer to the monkey you get. [Laughter and applause.] The people talk about the blood that flows in their veins. Why the blood of Adam is in my veins, and they can't go back any further than that. [Laughter and applause.]

The event of the day was Don Platt's speech. He was introduced thus:

Col. Piatt was introduced as a life-long friend of the colored people; was their friend when the speaker was a stinking Democrat. [Laughter.] The war was created by God, and he placed side by side such good Republicans as Don Piatt and such rascally Democrats as myself, to fight it out. [Laughter and applause.]

The Don's idea of benefitting the negro was the luminous conception of giving the Democracy blue blazes, which he did in this style:

Let me tell you in a sentence what I think of this Democratic party. It is the organized ignorance of the land, animated by low prejudices and vicious passions; and, while I would shrink from asserting that all Democrats are rascals, I will say without fear of successful contradiction, that all rascals are Democrats.

The speaker made this comparison between the North and South:

On one side a dollar represents a day's work, on the other it represents ten mint-juleps.

We close with the following complimentary tit-bit, which, considering that the speaker was a white man of the same Caucasian blood with the Southron, certainly was a delicious acknowledgement:

But I will tell you where I believe the South got her nationality. It came from the negro. There is a tropical race possessed of all the features upon which the South prides herself. Our Southern friends have lived with the negroes, eaten and associated with negroes until the weaker race has improved itself upon the stronger and given it all the characteristics upon which they now so pride themselves. They talk about educating them. They are imbued with your feelings—your opinions—your dash and hospitality. Their very language is your language. Previous to the late war, whenever chivalry had its representation in Congress, one sitting in the gallery had only to close his eyes, when some distinguished Southerner was on the floor, to believe that one of Africa's darkest sons was holding forth. I remember the first and only time I ever heard the famous Henry Clay, he spoke of the Democrats as the "War party in peace, and the peace party in war." And to those in my own State who have expressed a fear that, under the new order of things, we may have negroes in Congress, I have said, "Oh, never mind; we'll only be members of the same family, a little darker in complexion, but infinitely improved in manners and information."

☞ The Emperor Napoleon is diligently at work on the concluding volume of the "Life of Cæsar." He has nearly completed it, and it is expected that the work will be published soon.

ATLANTA.

Her Vast Enterprise—Who can Explain It?—Printers Cutting Each Other's Throats—Her Journals.

We spent two or three days in Atlanta, within the past week. Notwithstanding the dull season and the stringency of money matters, we found the city still growing—hundreds of fine residences, stores, shops, etc., going up rapidly, as if by magic. There is more active life in Atlanta than any other town in the State. There is more enterprise exhibited there than any person can conceive of without visiting the place. What keeps up the town it is difficult to divine. There is tremendous competition in all branches of business. Goods are sold at prices that would seem to scarcely cover cost and freightage from the Northern markets. The truth is, the competition is too great to leave margin for making much money, and yet business continually goes on—new enterprises are continually opening up. Men break and disappear from the great commercial mart and others take their places, and still business goes on and Atlanta grows and improves at every step, and still enterprise seems never to flag. What makes Atlanta? Can anybody tell? Can the local press divine the principles which underlie the prosperity of their city?

It is claimed that the population of the city will now reach twenty-five or thirty thousand. How true, we cannot say. We suppose the estimate is not far wrong. Ten years will give the city from fifty to seventy-five thousand.

The printing offices all seem to be alive with work. As in all other branches of business, there is much competition in this line of industry. The idea seems to be with printers to get work—to get all the custom they can—and the competition reduces the prices of printing to almost starvation rates. When a business man wants a job of printing done it is the custom to go to all the offices and see who will do it the cheapest, and we believe the last bid generally gets the job, as the customer invariably tells what bids he has the received, and most of them under-bid each other. Thus the Atlanta printers are cutting each other's throats in a business way. Why don't they have a better understanding? They all do good work, creditable to any city in the South, but they don't get pay for it.

We made the acquaintance of Col. Avery, of THE CONSTITUTION, and found him quite a genial gentleman. He is young and ardent in his new vocation. He succeeds in making THE CONSTITUTION a very good paper. He certainly has a wide field, and a big margin, in which to make great improvement in Atlanta journalism, which, truth impels us to say, has never attained as high a standard as it should in so large and enterprising a city. The mercants and business men may be to blame for this, as they do not support their local press as liberally as they should. In all their schemes of enterprise they have failed to properly appreciate the importance of sustaining their greatest power—the press.

We also met with Judge Jared Irwin Whitaker and Major John H. Steele, of the *Intelligencer*, and spent a pleasant hour or so with them. Both robust and in fine health, looking as flourishing as "a green bay tree by the water side." They are getting rather old for the advanced and rushing journalism of the day. They can not step as lively up to the music of progressive journalism as younger men; but, they are, however, doing their level best to make the *Intelligencer* what they conceive to be a first-class daily paper. We wish them abundant success, and hope they may realize their highest aspiration.

We didn't see Dr. Samuel Bard, of the *Era*.

Being the only Republican daily in the State it has no competition, and hence it is not specially necessary for it to hurry up the publication of local incidents that happen after night fall. But the *Era* is a live paper after its manner and in its own way. It has to be again published in its former size. It has come near "perishing by the wayside," judging from its diminished proportions of late. The *Era—she* is a live paper.

Brother Toon was busy, and a jolly old soul he is. He has more of the milk of human kindness in his composition than any other publisher we know. He is proud of the *Index* and the readers of the *Index* are proud of Bro. Toon, and Bro. Toon and the *Index* readers have just cause to be proud of their special attractions—for the *Index* is a live Baptist paper, the only objection we have to it is, that the paper is not as orthodox in its practice as its precepts. Instead of each number being immersed it is only sprinkled. (The reader understands that paper is required to be saturated with water before being printed.) We didn't see Bro. Shaver, the heavy man of the *Index*. Bro. Toon attends all the Baptist associations and prints the minutes thereof upon the most liberal terms, and he prints them elegantly too.—*La Grange Reporter.*

E. F. Herbert, late route agent on the Central Railroad from Savannah to Macon, has been transferred to the route from Augusta to Macon.—*Savannah Republican.*

We are needing rain. The drouth is oppressive to man and beast, and is affecting unfavorably our crops.—*Americus Republican.*

The Columbus Enquirer tells us that business is dull—little done but credit sales—fruit poor—perfect peaches seldom seen—melons fine and high—late rains partial—many crops suffering—musquitoes many and hostile—crop reports variant—no cotton selling.

The following Georgia cotton mills will display specimens of their products in the August Exposition of textile fabrics at Cincinnati: Trion Cotton Mills, Trion, sheetings, shirtings, osnaburgs, rope and yarns; 5,500 spindles, 125 looms. Troup Factory, LaGrange, osnaburgs and yarns only. Annawahee Factory, yarns only. Carroll Mills, Carroll county, yarns only. Georgia Factory, Athens, sheetings, shirtings and yarns. Athens Manufacturing Company, Athens, check, stripes, woolen goods and yarns; spindles, 3,600. Princeton Manufacturing Company Athens, yarns only. Empire State Cotton Mills, Covington, yarns only. Sheffield Manufacturing Company, Oxford, yarns only. Montour Cotton Mills, Sparta, sheetings, shirtings, osnaburgs, yarns and rope. Chapel Hill Manufacturing Company, West Point, yarns only. Hopewell Cotton Mills, Elbert county, shirting, osnaburgs and yarns. Milledgeville Manufacturing Company, Milledgeville, osnaburgs and yarns. *Savannah Advertiser.*

The Washington Gazette, tells of certain enterprising gentlemen, who are making brick with the "Franklin Brick Machine." They are averaging 15,000 brick per day, with 18 hands and 2 mules.

Rome is having home watermelons.—*Rome Commercial.*

THE CROPS.—Up to this time our crops, both corn and cotton, have been doing well. For a few days they have been failing in some localities, from the intense heat and continued drought. Now is a trying time to the corn. A few days of continued dry weather will cut the crops very short. With a plenty of rain it will be abundant.—*Bancock Journal.*

The Barnesville Gazette, gets out a piece of music in every issue.

The Columbus Sun published a letter from C. B. Harkie, Engineer of the Bainbridge, C. and Columbus Railroad, stating the survey had reached Lumpkin on the 10th. The surveyors were warmly greeted. Stewart county has subscribed $65,000, and will increase it to $200,000, when the road will be put under contract to Lumpkin. Mr. Harkie urges that the road be continued farther, to Tallahasee, and connect with the Florida railways—a matter important to Columbus and Atlanta both. Along the entire route from Bainbridge to Lumpkin corn and cotton are fine. Property is rated low in that section. Miller county embracing 200,000 acres is valued at only $175,000. This road will double its value. From Bainbridge to Cuthbert the construction will be cheap. He hopes to reach Columbus with the survey by first of August.

RED HOT WEATHER.—The Monroe Advertiser says the weather is "red-hot" in those parts. It has reached a *white-heat* in these regions.—*Americus Courier.*

It is AFRICAN in this locality.

The Turner Case.

On Saturday Turner's counsel opened for the defense. J. F. Long, colored, P. W. Doyle, Wm. Jones, colored, Jas. Fitzpatrick, Frank Dishroon, T. G. Steward, negro preacher, Wm. H. Whitehead, revenue assessor, Fred Johnson, colored, all testified they would not believe Swayze on oath. C. T. Ward. Ordinary of Bibb county, and his clerk, Guerry, had examined the $100 bill, which Turner said the bank had rejected, and presented it, at Turner's request, at other places, to see if it was good.

Doyle swore Swayze told him he would give Turner hell, in connection with his Post-Office disappointment.

Mr. Stephens, of Atlanta, and Colonel Weems made speeches for the prisoner, contending that Swayze's evidence was broken down, that there was no other proof to connect him with the woman, and his conduct with the $100 bill, was not the conduct of a premeditated counterfeiter.

Col. Milledge contended that Turner's whole course was the conduct of a guilty man—that Murphy corroborated Swayze—the latter swearing that Turner told him he had given the woman the bad money, and the former swearing he had found the bad money with the woman. Why did not Turner bring the woman to swear that she gave him the $100 note. He claimed a commitment.

The sentence was to have been given this morning, but by dispatch, given elsewhere, we learn there are new facts.

The Dahlonega Signal tells us that rain is wanting; the thermometer has been 92 to 98 degrees in the shade; the mineral waters are attracting great attention; Col. AN EDITOR'S LETTER

—TO—

DR. J. M. FOSTER,

[*Offices in Empire Block,*]

CURE OF CATARRH.

FROM D. W. RAY, ESQ.,

Associate Editor of the Jackson Citizen, formerly Editor of the Rochester [N. Y.] Democrat, late of the Editorial corps of the Advertiser and Tribune, of Detroit, Michigan.

SIR:—Your favor of recent date, making inquiries as to the effect of your treatment in my case, was duly received. In reply to your questions, I would say that I was seriously afflicted with an aggravated Catarrh for a number of years past, discharging a thick, offensive, disagreeable mucous from my head almost constantly. At night, or when lying down, it was most annoying. When lying upon my back the thick mucous would drop down my throat, causing labored breathing and great distress and uneasiness, which rendered my nights restless and fatiguing. My throat was soon implicated in the general disease, and subjected to long and alarming attacks of soreness, which lasted for months together, during each returning winter. My general health was very much impaired, and the depression of spirits consequent upon my failing strength, while the undermining of my former vigor of health, caused me serious apprehensions. I tried remedy after remedy, "Catarrh Cures," and "Catarrh Snuffs," without number, but all to no purpose. My suffering grew worse, with every succeeding winter, until I began to yield all hope of being relieved. At last, the fame of your skill and success in treating such disorders reached me, and happily, I placed myself under your treatment.

With every sentiment that the deepest feelings of gratitude can inspire, I now frankly acknowledge my thanks for your *successful treatment of my case.* Indeed, the relief has surprised me, and in every way exceeded even my most sanguine hopes. Under your treatment, my suffering melted away as by a charm. My head is clear, my throat is well and natural, my general health sound and robust, my spirits buoyant, and in fact, Doctor, I was never better in my life. I must not forget to confess that you have had much to contend with, beside my disease alone, for my editorial duties made me, necessarily, neglect the regular attendance to the treatment that I felt it should receive, and yet, notwithstanding my negligence, your system of treatment has done for me what no medicine has heretofore done, and I cannot speak in terms of praise too high to recommend you to those who suffer from this most disgusting and loathsome disease.

While connected with the Rochester Democrat, I learned of many cures that you effected while there, in the winter of 1863-'64. I also know of many in this State, and can, consequently, speak of you thus fully from knowledge of other cases than my own.

In conclusion, let me say that should you desire to refer to me at any time, you may do so without hesitation, and I shall most cheerfully reply to any letters, deeming it a duty no less to yourself, than to those who are afflicted, and to whom I may be a guide in directing them to the same source from which I derived such substantial relief.

Hoping to hear of your continued success, I remain, sir, truly yours,

D. W. RAY.

From Wm. Peters, Esq., of Dayton, Ohio.

DR. FOSTER—*Dear Sir.*—Noticing the fact that your patients report to you by letter the progress of their cases, under your most admirable system of treatment, for deafness and catarrh, allow me to add my name to your list of references, for benefits received. I had been seriously afflicted with chronic Catarrh above eight years—suffering the most intense headache, with confusion of memory, while my head was completely stopped up every morning, and my mouth filled with a most disagreeable taste. Beside all this, my appetite and bowels were irregular, and my general health much disturbed and debilitated. It was in this sad condition, I placed myself under your valuable treatment only four weeks ago, and now I rejoice to say that my bowels and appetite are regular; I can breathe freely through my head; my headache has disappeared; my memory is improved, while my general health is so far restored that I can scarcely realize my remarkable change for the better, nor too strongly advise those who suffer to apply to you at once. Truly yours,

WILLIAM PETERS.

THE CONSTITUTION

LARGEST CITY, COUNTY AND STATE CIRCULATION
Of any paper published at this point.

A STANDING CHALLENGE
TO TEST THE MATTER OF
CIRCULATION IS UNACCEPTED.

ATLANTA, GEORGIA ::::::::: JULY 20.

OUR JOB WORK.—THE CONSTITUTION Job Office, with its new and varied material, its new presses, new type and many kinds of paper and colored inks, is prepared to do work as cheap, as good, as stylish, and as quick as any other office in the South.

We are willing to compare specimens with anybody.

☞ The British House of Commons has 658 members.

☞ Mr. Peabody is daily declining in health.

☞ England has, in India, 150,000,000 people under its rule. Of these, 110,000,000 are Hindoos, and 25,000,000 Mussulmen.

☞ W. M. Rosenblatt, one of the best reporters of the N. Y. Sun, is a Savannah boy of 19 years of age.

☞ President Grant allows Mississippi the same chance he did to Virginia—to vote on the 3d of November, the test oath and disfranchisement clause separately. The result will probably be the same as in Virginia.

CUBA.—The insurgent forces are divided into two commands—Gen. Jordan heading the eastern or Bayamo Department, and Gen. Ignacio Agramonte the Central Department.

The Cubans are steadily succeeding.

☞ The New Orleans Bee, advocates the idea that the Southern States go outside of their own limits, and select Congressmen from their friends in the North—such men as Doolittle, Pendleton, Dixon, etc.

☞ The decision of Chief Justice Chase, in the Yerger *habeas corpus* case, is to remain suspended, and Grant is not to enforce the verdict of the Military Commission, except to keep Yerger secure, if he is condemned.

☞ The Young Men's Christian Association have had a great International Convention at Portland, Maine. England, France and Holland are represented.

There are 659 Associations in this country, numbering 90,000 members. Their funds are ample. It was resolved to publish a history of the Association.

☞ Reading matter on every page.

TRIP TO TOCCOA.—A number of our first gentlemen are getting up a trip about the first of August, to Toccoa Falls, for a couple of weeks. They will go in private conveyances.

We acknowledge the courtesy of an invitation to join the party, and regret, exceedingly, our inability to go.

The portion of Georgia they intend visiting, is a most romantic and picturesque country, and offers inducements for a trip, that are very attractive. We wish them a delightful time.

The Tennessee Campaign.

At the beginning of the Tennessee campaign, we predicted, that however the thing opened, both Senter and Stokes would in the end be found boldly courting the Democratic vote. Senter started some pretty plain coquetry right away. Stokes held off defiantly. But Senter has pushed him so hard, and crowded him so close to the wall, and pounded him so lustily, that the poor old Bald Eagle, as he is called, has turned a somerset in sheer despair, and gone to wooing the hated rebel like a veritable sucking dove. He is now in favor of a convention, and claims that he was for franchising everybody, the rebels included, long before Senter.

☞ The New Orleans Times, comparing the North and South, says, that there never was a more auspicious opportunity for the South to better her condition.

The North is worn down and over-run, corrupt and enervated. The South is pure and hardy—her wonderful resources are developing—the attention of the world is directed to her powers. It will take but a short time to shear the North of her strength, and grow the South into supurb vitality.

Another Terrible Railroad Accident.

The Northern papers come to us full of details of another terrible accident on the great Erie Railroad, that shows new and peculiar features of horror. At Mast Hope, a freight train was backed on the side track. The engineer went to sleep, and awaking and thinking he heard the signal to move he started his engine, and got far enough on the switch to collide with the incoming Express, rushing at 25 miles an hour. The crash was terrible. Engines and cars lay in shattered confusion, the fire fiercely playing amid the fragments, and burning cars, baggage, men, women and children, in one horrible and inextinguishable conflagration. A few charred ashes were all that was left to designate the doomed victims.

It was one of those pictures of sudden and appalling agony, that have delineated Northern railroadism, and the mind recoils shudderingly from its awful features.

☞ The Pennsylvania Democracy have nominated Asa Packer for Governor Their platform is soundly Democratic—declaring against the exercise of doubtful Constitutional power; for State self-government; against the Fifteenth Amendment and negro suffrage; for financial and labor reforms; against the reconstruction policy, as tending to distraction and tyranny; against heavy taxation; for soldiers, and for nations struggling for liberty.

Mr. Packer is 63 years of age, born in Connecticut; began life as a tanner and car, cater, with little education—turned farmer—afterwards coal miner. In 1850 he had worked up to some means, and identified himself with the Lehigh Valley Railroad, which he completed, in 1855, by his individual energy. He has a property of $20,000,000; has endowed a College, the Lehigh University, with half a million; has been a member of the State Legislature, Judge of the County Court, Representative in Congress, and was voted for nomination as a Presidential candidate in 1868, in New York.

Tribute to Mr. Porter.

CENTRAL PRESBYTERIAN S. S. ROOM,
ATLANTA, July 18, 1869.

After the morning exercises were over, the Superintendent announced that our beloved pastor, Rev. Rufus K. Porter, was no more.

Mr. J. L. Harris was called to the chair, and W. A. Dabney made Secretary of a meeting of the whole school.

Maj. Whitner stated, that as Superintendent, it was perhaps most proper he should propose action for the consideration of this meeting, and speak, if he could sufficiently command utterance, to the teachers and scholars about the great and good man who was lately their pastor, and of their irreparable loss by his death. He proposed the following preamble and resolutions.

Col. E. Y. Clarke seconded the resolutions in a most touching and appropriate speech; portraying the loss we had sustained by this dispensation of Providence and the many lovely traits of character possessed by the deceased.

The Chairman then put the resolutions to vote, and, amid the tears of teachers and scholars, they were unanimously adopted, viz:

As a Sunday School, we meet this morning under peculiarly painful circumstances. Our hearts are overflowing with sorrow. It has pleased God to take from us our beloved Pastor, Rev. Rufus K. Porter, who fell asleep in Jesus on the evening of the 14th inst. "A great and mighty prince hath this day fallen in Israel." From us, the lambs of his flock, the school of the children of his people, a faithful teacher, a loving, kind and tender shepherd, has been taken away forever. We remember his example of piety, devotion to duty, of sacrifice, and loving kindness, and we weep tears of bitterness; and the more we recall those noble and ennobling virtues, the gifts of the Holy Spirit, which shone out so beautifully in his life and character, the more poignant is our grief, and the heavier seems our loss. Yet, thanks be to God, we are not like those who mourn without hope. Though deep our affliction, it yet becometh us to bow humbly under the mighty hand of God, because assured He doeth all things well, and that in Mercy He afflicts us. Be it, therefore,

Resolved, That, by the death of Rev. R. K. Porter, the Central Presbyterian Sunday School has lost a wise instructor, a faithful pastor, a loving friend, and that we will ever cherish in our hearts a lively recollection of his virtues, and endeavor to follow him as he followed Christ.

2. That we will clothe our room in mourning for thirty days, and that we tender his bereaved family our heartfelt sympathies in this hour of their great affliction.

3. That our Superintendent send a copy of these proceedings to the immediate family of the deceased, and request the same to be published in our city papers, and, also in the Southern Presbyterian.

J. L. HARRIS, Chairman.
W. A. DABNEY, Secretary.

Judge Speer on the Status of the Ineligible Negro Members.

We have found Judge Speer's letter, and give to our readers that part of it containing the arguments on the vexed point:

A majority of the Legislature, however upon the question being made and discussed, entertained different views, and by resolution declared the colored members ineligible—their seats were vacated and the white members admitted.

As might have been anticipated, this course aroused the indignation of a large portion of the Radical party, and it has been made the excuse or groundwork for a determined and persistent effort to place the State again under military rule—have her civil government declared provisional and subject to the future action of Congress.

It has been the means of excluding us from a voice in the United States Senate, and has left some of our members of the Lower House dancing attendance as lobby members, vainly seeking admission to seats for which they had been selected.

To break the force of this storm, the action of the Legislature had raised against our State, they, by joint resolution, agreed to submit the question of the eligibility of the negro to the Supreme Court and *abide its decision*. This resolution passed both branches, and, notwithstanding it met executive opposition, and is not now a "legislative act," yet, morally speaking, the Legislature are bound to abide by their own pledge.

Honesty and self-respect, in my judgment, leaves them no other alternative.

But apart from this, is not the Legislature bound by the decision of the Supreme Court to observe it and act upon it?

It is claimed that the decision of the Legislature as to the members is "*res adjudicata*."

I do not understand that the rule of "*res adjudicata*" applies to the legislative action.

The rule is applicable with all its vigor and force to the Courts of the country—for the policy of the law has been from time immemorial to settle and quiet controversies between its citizens—by the application of this rule.

But not so with the Legislature. The same session can review, modify, change or abrogate entire its former action. How often have we known again and again resolutions agreed to, modified subsequently, and finally rescinded.

There is a provision in the constitution which forbids the same Legislature, (at the same session,) "from proposing, (unless with consent of two-thirds,) any bill, ordinance, or resolution, intended to have the effect of law, which shall have been *rejected* by either House." But this does not extend to bills, ordinances, or resolutions which have been *passed or agreed to* by either House.

The whole question, then, is subject to the action of the Legislature, and the rule of "*res adjudicata*" does not apply.

And such has been the uniform action of legislative bodies.

It has arisen in every case where a member has been seated, and afterward, upon investigation, declared ineligible. In such cases the Journals show the member has been found qualified and sworn. Subsequent investigation shows him ineligible, and he is removed. And yet I have never heard the first action claimed as *res adjudicata*, and plead as a bar to investigation and removal.

These negro members at the first organization were allowed to be sworn in. The Journals show, (I presume,) they were declared qualified and sworn as members. It was not claimed that the question was *res adjudicata* when they were put upon trial; why, then, claim it in behalf of those who took their places?

One other view and I am done. The Legislature are the law-making power, but they *are not superior to law*. As a body, they are bound by the Constitution and laws, as every other body or citizen, until modified or repealed. The Constitution has established a tribunal for the construction of laws, where a controversy arises, "The Supreme Court." To its mandate we all bow and give obedience. Shall it be said that this body may obey or not as they choose? I hope not. It is not a proper example to establish for our people. If they have erred on a question of law, and it has been so pronounced, let them show their perfect obedience to law, by retracing their steps and conforming to the law as expounded.

It is true, obedience to law in their case may bring evil upon us in one sense—it may foist into office some utterly unfit, and displace (as in this case) others who are of priceless value to our councils. But let us adhere to the old landmarks. Let us accord in a spirit of justice and of obedience to law, every right the constitution confers upon the colored race; it will be a moral triumph over our feelings and prejudices that will elevate the character of the Georgia Legislature for political and personal integrity, that in due time will bear the fruit of peace and stability, and go far toward crushing out the slanders upon us as a people.

Let not the Legislature rest upon a quibble that belongs to the courts, to justify a departure from the broad path of justice and right. If reckless legislation and unwise results follow, this decision and its legal consequences, the great majority of the white citizens of Georgia are not responsible, and in due time, intelligence and worth and property will claim and take control. And we may then point with pride to this period in our history—when, amid the clamors of the thoughtless—the prejudices of race, and the evil results that threatened our State, the Legislature dared to do right. I am, very truly, your friend,

ALEX. M. SPEER.

ASSOCIATED PRESS DISPATCHES.

DISTRICT COLUMBIA.

WASHINGTON, July 19.—Revenue receipts, to-day, $800,000.

A large amount of tobacco stamps, intended by the Revenue office for use in the West, were destroyed by the late Ere Railroad disaster.

The Treasury has commenced to issue fifteen cent currency, to-day.

MISSOURI.

ST. LOUIS, July 19.—Omaha reports say, that General Carris' recent Indian victory is more complete than first stated. Four hundred horses and mules, a large quantity of powder, five tons of dried Buffalo, and nine hundred dollars were captured. The money was given to Mrs. Weizel, a white woman, recaptured during this war. The same body of Indians fought Forsyth, last year.

A Helena, Montana, dispatch says, Major Eastman, and another man, were attacked and wounded, recently, in a few miles from Fort Benton. The citizens, in retaliation, killed three Indians, who were in town.

GEORGIA.

MACON, July 19.—At the opening of the United States Commissioner's Court this morning, the Commissioner announced as follows: Information has reached this Court through the Hon. District Attorney, that other and important witnesses for the defense, will appear, and the Court subpœnied these witnesses, and wishing justice in the matter, this Court will adjourn till to-morrow morning, at ten o'clock.

NEW YORK.

NEW YORK, July 19.—The International Convention of the Young Men's Christian Association, at Portland Maine, closed its session on Saturday. A movement towards educating colored clergymen, to preach to the colored people in the South, was inaugurated, and a large amount was subscribed to further it, on the spot.

It is reported that new Cuban camps are established West of Hoboken, N. J. There are said to be two hundred men of the Gardner's Island Expedition there, who succeeded in eluding the United States Marshal.

A sugar dealer in Jersey City, was arrested to-day, charged with counterfeiting. It is said a one hundred dollar counterfeit bill was found in his possession when arrested. He was held to bail.

The Cuban filibusters who were arrested on Gardener's Island are not released as stated. They are confined in Fort LaFayette.

Eight bankers have been arrested charged with usury, and arraigned in Oyer and Terminer court to-day. Three plead guilty. The Judge announced that he would not sentence them until after the trials of the others.

LOUISIANA.

NEW ORLEANS, July 19.—Messrs. Faures and Sourdes partner and chief clerk of the house of Contourie & Co., against whom warrants were issued on the 15th, delivered themselves to Marshal Packard this morning, but was released on five thousand dollar bond.

One hundred and fifty-six thousand cigars were seized by Collector Stockdale, not labeled. The United States Court ordered them taken possession of by Marshal Packard to-day.

NORTH CAROLINA.

WILMINGTON, July 19.—Julian G. Leach, son of Hon. James M. Leach, was drowned at Topsail Sound, while bathing in the surf, on Saturday.

The Republican party in this county is divided in two formidable factions. Each wing has a candidate in the field to fill the vacancy in the Legislature occasioned by the resignation of Gen. L. G. Estes. The contest is the most bitter known in the history of this county. One of the most prominent leaders of one faction, in a speech to-day, predicted bloodshed before the campaign is over. It is entirely a family quarrel, in which conservatives and Democrats take no part and will run no candidate. The most extreme faction is led by George Z. French and other Northern men, who nominated a negro candidate. The other faction is composed almost entirely of negroes, who have nominated a white candidate. It is found necessary to station a strong force of police at all meetings held in this city. The most bitter personalties are indulged in by many of the speakers, and several slight collisions have already occurred.

FRANCE.

PARIS, July 19.—Marshal Vailliant has been re-appointed Minister of the Imperial household. The Press of this city regard the Cabinet as one of transition, merely.

ENGLAND.

LONDON, July 19.—The first general meeting of the Woman's Franchise Society was held yesterday. Among the notables present, were the Junior Lord of Treasury, Henry Fawcett, Member of Parliament for Brighton, J. Stewart Mill, Lord Houghton, Right Hon. Jas. Sausfield, Rev. Charles Kingsley, author, and Louis Blane, author, also, many ladies were present. Addresses were delivered by many well known speakers, and resolutions unanimously adopted favoring female suffrage.

Marine News.

WILMINGTON, July 19.—Arrived—steamer W. P. Clide, from New York; Pioneer, from Philadelphia. Weather uncertain, slight rain.

CHARLESTON, S. C. July 19.—Sailed—schooner Mary Stow, for Norwalk, Conn., schooner S. H. Cady, for New York.

SAVANNAH, July 19.—Arrived—bark Daring, from Portland.

The Chinese Labor Convention.

MEMPHIS, July 14, 1869.—Reports were submitted from the committee favoring a joint stock emigration society, with officers at the principal Southern cities; from the Emigration Committee promising welcome and protection to all emigrants from China and elsewhere, and from the Transportation Committee stating that emigrants can be brought to Memphis, in lots of fifty and over, from the Pacific States by rail for fifty dollars each, and from Hong Kong to San Francisco from eighty dollars to one hundred dollars in gold.

Tyekem Orr, a Chinaman, who has been two years in this country, and is now residing in Louisiana, addressed the convention. He stated that of the 70,000 Chinese now in the West Indies, among many much distress prevails, because they were not selected with proper care as to effective dock hands, laborers and artisans. Many were criminals, who have been sent on plantations to work at labor they are not familiar with. Agriculturists can easily be procured through proper agents from the interior of China. In Cuba they are paid $4 per month. Farm hands are paid $18 to $20 per year in China, where living is so cheap that 150 pounds of rice cost $2. Women work in the fields of China. Only city women have small feet. About one in ten are lovers of strong drink, but comparatively few are opium eaters. It is a luxury that only the rich and city people can afford to indulge in. Of fifty now living in Donald, only one is a whisky lover. They are easily managed, being patient, industrious, docile, tractable and obedient. The products of China, are in many ways similar to those in the Southern States, and the Chinese would soon become successful workers of the Southern lands.

Mr. Koopmanshoop arrived at noon and addressed the Convention. He stated that his house has brought 3,000 Chinese to California, where 60,000 are now engaged as mechanics and in railroad works. They are paid from 90 cents to $1 10 per day, in gold, as laborers. They can be induced to come from San Francisco here at twenty dollars per month, but can be obtained much cheaper in China, and under a five years' contract could be had for ten to twelve dollars per month. He said they are not at all reliable unless security is exacted, and will take service with others if higher wages are offered.

MEMPHIS, July 15, 1869.—The Mississippi Valley Emigration Company was organized in the Labor Convention, to-day. Forty thousand dollars were subscribed on the spot. The capital stock is to be $1,000,000, with privilege to double the amount, in shares of $100. A committee was appointed to open subscription books in Louisiana, Kentucky, Mississippi, Alabama and Arkansas. General Gideon J. Pillow, S. W. Clapp, W. H. Sherry and Archibald Wright were appointed an Executive Committee. The Convention ordered 3,000 copies of their proceedings to be printed, and adjourned *sine die*.

The Adkins Murder.—Gen. Terry Makes a Report.

WASHINGTON, July 14.—The President has received reports from General Terry, commanding in Georgia, concerning the murder of the late Senator Adkins, of that State, in May last. The General does not express any opinion himself, but forwards documents and lets them tell their own story. From statements made by the wife and daughters and servants of the murdered man, it appears that a large gang of persons were concerned in the assassination Five shots were fired at the time of the murder, one by the man who committed it, one by Adkins at the man when he was running away, and three by confederates, evidently as signals. There had been a good deal of effort to get Adkins into a muss. When at the railway station he and his wife had been insulted, and many insolent and taunting remarks had been made in their hearing, with undoubted purpose to provoke him into drawing his pistol, he studiously kept his temper and declined to be drawn into controversy, and was therefore coolly assassinated when on his way home. He gave the name of his murderer before dying; but the civil authorities neglected to take any steps for his arrest, and it is presumed that he fled the country as soon as he found the military were on his track. The commanding officer at Warrenton, gives a number of instances in which the laws have been violated outrageously, the civil authorities being entirely silent, or so lax in their enforcement that nothing comes of the efforts to bring the guilty persons to justice.—*Special to New York Times*.

POOR GEORGIA.—The Radicals of Georgia, are never at a loss for materials for proscriptive agitation. Here comes Mr. Henry Hunter, of Savannah, and tells the President, that the disloyal people of that State are not going to let the colored people vote at all this fall, unless they vote the Democratic ticket. Whereat the President bristles up and says, we'll call upon the military to secure order and fairness at the polls. Is it not about time this sort of humbug was discontinued?—*Washington Express*.

☞ Gov. Walker, of Virginia, replies to the question "what the Virginia people meant by electing him," in this way:

"They have had the sense and manhood to perceive and accept the inevitable, and in thus doing they mean to reject the fatal lessons of Northern Democracy, and at the same time maintain a bold yet dignified front against the unconstitutional aggression of Republicanism run wild."

Pretty tolerably impartial we think.

☞ The Paris belles seem unfitted for maternity. The Countess de Schoney is the seventh who has died in child-bed within a year.

A Proclamation.

GEORGIA:

By Rufus B. Bullock, Governor of said State.

Whereas, official information has been received at this Department, that a murder was committed in the county of Early, on the 26th day of June, 1869, upon the body of John Colly, (freedman,) by Bob Hart *alias* Bob Sheha, *alias* Bob Battle, (freedman), and that said Hart, *alias* Sheha, *alias* Battle has fled from justice:

I have thought proper, therefore, to issue this, my proclamation, hereby offering a reward of Two Hundred Dollars for the apprehension and delivery of the said Hart, *alias* Sheha, *alias* Battle, with evidence sufficient to convict, to the Sheriff of said county and State.

And I do moreover charge and require all officers in this State, civil and military, to be vigilant in endeavoring to apprehend the said Hart, *alias* Sheha, *alias* Battle, in order that he may be brought to trial for the offense with which he stands charged.

Given under my hand and the great seal of the State, at the Capitol in Atlanta, this 14th day of July, in the year of our Lord, Eighteen Hundred and Sixty-Nine, and of the Independence of the United States of America, the Ninety-Fourth

RUFUS B. BULLOCK, Governor.

By the Governor:
DAVID G. COTTING, Secretary of State.

DESCRIPTION.

The said Hart, *alias* Sheha, *alias* Battle, is about 26 years of age, 5 feet 11 inches high, spare built, quite black, bad countenance, rather quick spoken, and gives a sort of contemptuous toss of the head when displeased; when pleased, shows his upper teath, not by a broad smile, but by an elevation of the upper lip, higher at the outer edges than the middle. He is best known in the community as Bob Sheha. july16-d3t&w1t

THE DAILY CONSTITUTION.

ATLANTA, GEORGIA:::::::JULY 20.

STABBING AFFRAY—We learn that Mr. Gaines Chisolm was stabbed by the woman Marie, of the Varieties, last night. He is not expected to live.

NEW YORK IN ATLANTA.—On Marietta street, there is a saloon at which five waiter girls preside, dispensing intoxicating fluids to their guests. There is also a band of music in attendance, who assist to beguile the innocent. What are we coming to?

THE Marietta House, kept by Fletcher & Freyer, still keeps up its excellence. It is decidedly one of the best hotels kept anywhere.

POND, at his restaurant, can furnish you with delicious ice cream.

DISSOLVED.—The firm of Henry West & Co., has been dissolved, by mutual consent.

TAX-PAYERS, AHOY!—The tax-payers of Atlanta are notified by Col. L. P. Thomas, Receiver of Taxes, that he is ready to receive returns at his office, in the City Hall, from 8 A. M., until 4 P. M. Go up at once and see him, and avoid double tax.

LARGE AUCTION SALE.—Barrett, sells this afternoon at 4 o'clock, bacon, soda, rope, carpets, furniture, one carriage and two cows. He has also, at private sale, fur hats, kerosine lamps, shot guns, rifles and pistols.

THE QUESTION SOLVED.—"Our Tandy" says that if woman will abandon the crusade about "Woman's Rights" and learn the barber's trade, the polls will be brought to her, and razor above her husband's head.

SEAGO.—Seago, has groceries, Western produce, dry hides, and city and suburban property for sale.

FOR ONE FARE.—Parties wishing to attend the Augusta District Meeting at Milledgeville, Ga., on the 23d inst., will be passed over the Georgia, and Macon and Augusta Railroads for *one fare*.
S. K. JOHNSON, Superintendent.

A NEW ACCESSION.—Mr. L. DeSaules-Jr., of New Orleans, but recently with Mr. Sidney Root, of New York, has come here with capital and connected himself with the firm of W. F. Peck & Co. We extend to him a hearty welcome.

NEW FIRM.—A. J. West and H. A. West have formed a co-partnership, under the firm name and style of A. J. West & Co., and will continue the wholesale grocery, provision and commission business, at the late stand of Henry West & Co., on Peachtree street.

BOUND OVER.—James Lawshe was bound over, yesterday, by Justice Thomas Spencer, in a bond of $1,000 to answer the charge of assault with intent to murder, on a Mr. McCreary. Judge W. Ezzard represented the State; Messrs. M. P. Byington and R. H. Bullock, the defense.

BLUE GRASS LAND FOR SALE.—Robert L. Caruthers, Jr., offers for sale, eight hundred and thirty-four acres of choice blue grass land, in Smith county, Tennessee. Address R. L. Caruthers, Lebanon, Tennessee.

REAL ESTATE SALE.—Messrs. Wallace & Fowler, yesterday, sold four and a half acres of land, lying on the Western and Atlantic Railroad, 2½ miles from town, to Glenn, Wright, Chamberlain & Co., for $1,500. These gentlemen propose erecting mills for the manufacture of fertilizers, oils, cotton and woolen goods.

POCKET CORN SHELLER.—Messrs. Knott & Nolan, of McDonough, Ga., have bought the right to sell Housman's improved Patent Pocket Corn Sheller in the State, with the exception of Floyd county. The Sheller will shell from four to six bushels per hour and no farm is complete without one of them.

THE CROWNING ACT.—We learn that Foster Blodgett will, this morning, become Treasurer of the Western and Atlantic Railroad, vice, W. W. Clayton, removed. Judge Clayton is a man whose unblemished reputation and spotless honor is known of all men. Our readers can draw their own inferences as to the reason why an honest and efficient officer is replaced by such an appointee! We understand that among Blodgett's bondsmen are H. O. Hoyt, of Atlanta, and T. R. Rhodes and R. C. Easterling, of Augusta.

CAPT. J. H. BARRETT.—Capt. J. H. Barrett, so long and favorably known in this community, has taken the stand lately occupied by Barrett & Griffin, and opened a number one auction business. Having known Mr. Barrett from childhood, we can heartily recommend him as an energetic, reliable and prompt business man; having many years experience in the auction business, being thoroughly acquainted with the value of articles in the market, with a determined will to do the best that can be done under the circumstances, Capt. Barrett will be found by those who entrust business to his care, to be all that we have said of him. We commend him to the patronage of the public as worthy of it.

FULTON SUPERIOR COURT—The adjourned term of Fulton Superior Court, commenced its session this morning. Owing to the fact that he had been counsel in several cases, Judge Pope did not preside. Judge D. B. Harrell presided in the stead of Judge Pope, with great dignity. The day was devoted to the hearing of cases on the motion docket. To-day, the *quo warranto* case against Thomas Spencer, a Justice of the Peace appointed by Gov. Bullock, will come up for a hearing. Messrs. Collier & Hoyt, Candler & Hill, and L. E. Bleckley appear in behalf of the claims of Judge W. M. Butt, who was elected by a large majority, and whose election was never contested.

THE XIX CENTURY PUBLICATION COMPANY.—A number of the *literati* of the South have brought out a gem in the way of magazine literature, entitled "The XIX Century." It is published at Charleston, S. C., and contains articles deeply interesting to all readers North and South. The "Adventures of Confederate Blockade Runners," and "Personne's Reminiscences of Confederate Camps and Battle-fields," are among the monthly novelties. The magazine is unique, racy and attractive, especially to the ladies. Subscription price $3.50. Single numbers 35 cents.

BRAINARD's Musical World for July is at hand, and is as entertaining and valuable as ever. The present number contains a large amount of choice music, both vocal and instrumental, besides musical stories, sketches, news, gossip, hints, etc. The Musical World is the best and cheapest musical monthly published. The music given in each number is worth a year's subscription, It has an immense circulation throughout the country, and is furnished at only $1.00 per annum. Pianos, Organs, Sewing Machines, Books, Music, etc., are given for clubs. Send ten cents for specimen copies, with full list of premiums. Address S. Brainard & Sons, Publishers, Cleveland, Ohio.

THE ERA OF EXCURSIONS.—A correspondent of the Augusta Chronicle and Sentinel remarks:

Perhaps the Georgia Road has been the scene of more life and excitement for the last few months than any other in the Southern country. Scarcely a week but excursion trains may be seen flying over the track, crowded with old men and women, young men and maidens, little boys and girls, with their banners flying in the breeze, and the air ringing with the music of their songs. Flowers and ribbons of all colors, badges of the various institutions they represent, pointing, we trust, to an illustrious era in our moral, social and intellectual future. Stone Mountain is the point where all parties from above and below assemble to celebrate their festivals. The sublime and majestic scenery from the mountain top will amply repay for the expense and trouble of the excursion.

NOTICE.—Col. T. M. Acton, is the duly authorized traveling Agent of THE CONSTITUTION, and we commend him to the attention of our friends wherever he may go in behalf of our interest.

Latest Market Reports.

OFFICE OF THE DAILY CONSTITUTION,
MONDAY EVENING, July 19, 1869.

MONETARY AND COMMERCIAL.

New York Market.

THURSDAY, July 15—6 P. M.—The money market was quiet and steady at seven per cent. The demand was moderately active, but was fully met at the legal rate; no exceptions above or below this figure were reported, though it is probable that a few loans on Government collaterals to prime houses were made at six per cent. Commercial paper was dull, with the discounting rate ranging from nine to twelve per cent. Much uneasiness was felt at renewed reports that warrants of arrest had been issued for those implicated in the recent usurious operations.

Foreign Exchange was maintained at firm rates, and at an advance of an eighth per cent. for sixty day Sterling, owing to the easier condition of the London money market.

In Southern securities, new North Carolinas were heavy and lower, while the new Tennessees and the general list were steady. The closing prices at the Stock Exchange were: Tennessees, ex-coupon, 62⅝a62¾; do., new, 56⅛a56⅝; Virginias, ex-coupon, 57a58; do., new, 61a62; Georgia sixes, 82a83¾; do., sevens, 91a92¾; North Carolina, ex-coupon, 58⅛a58½; do., new, 48¼a48½; South Carolina sixes, new, 66⅛a67; Missouri sixes, 87¾a88; do., St. Josephs, 89⅜a90; Louisiana sixes, 68½; do., levee, sixes, 66¾; do., eights, 85; Alabama eights, 93⅛a94.

MUTUAL FIRE AND LIFE

Insurance Company,

MACON, GA.

Authorized Capital::::$500,000!

Certificate of authority issued by the Comptroller General, under Act of March 19, 1869, requiring one hundred thousand dollars capital.

COL. W. J. LAWTON, President, J. C. McBURNEY, Vice Pres't,
R. J. LIGHTFOOT, Secretary.

This Company is now prepared to issue all classes of Policies. In the Life Department it offers more liberal terms than any other company in this country.

It asks particular attention to the following prominent features:

1. It is a Home Company—a Southern Company, owned and managed by as able financiers as our State can produce.

2. All its policies are non-forfeiting, and so long as one dollar of premiums or dividends remain in the hands of the Company unearned, so long is the policy kept alive.

3. Its policies are incontestible, except for fraud.

4. Its policies contain no restrictions of either travel or occupation, and world-wide in its fullest sense.

5. As low a rate of premium as a due regard to safety will permit, and will compare with any other Mutual Company.

6. Thirty days grace allowed upon payment of renewal premiums, and the policy held good for that time.

7. One-half the premium remains a permanent loan on the policy, at legal interest, which loan it is confidently expected will be extinguished by dividends.

8. It is a Mutual Company; all the profits equitably divided among its policy holders.

9. Dividends declared annually, upon the contribution plan.

10. Females insured at same rates as males.

Feeling assured that the above features must commend this Company to the favorable consideration of the public, we respectfully ask an investigation of its merits, by those contemplating insurance, satisfied that we offer greater inducements than any other Company now extant.

Able Solicitors and local Agents wanted all over the country. Address,

J. C. McBURNEY,

LAND FOR SALE.

THE subscriber offers for sale 3,000 acres of land, known as the Tennille Farm. This fine cotton farm lies near the centre of the 4th district of Calhoun county, within a short distance of the survey for the Bainbridge, Cuthbert and Columbus Railroad, 20 miles south of Cuthbert. The lands are first quality, oak and hickory, except two lots, which are first quality pine. None of the pine lands are cleared, but well timbered. There are 1,000 acres cleared and in a high state of cultivation. This farm is well watered, having branches in every field, which abound in cane sufficient to winter 200 head of cattle. Two settlements on the farm. Improvements fair. Price reasonable. Terms easy. Titles to every lot indisputable. I live near the farm, and will take pleasure in showing the farm, or answer any questions by letter.

L. H. BRADFIELD'S COLUMN.

DR. J. BRADFIELD'S

FEMALE REGULATOR,

Woman's Best Friend

THIS valuable Medicine is prepared for WOMEN exclusively, and to be used by WOMEN only. It is adapted especially to those cases where the WOMB is disordered, and will cure any irregularity in the "menses," except in such cases as require a surgical operation. As these last are very rare, the FEMALE REGULATOR is of almost universal application. In a sudden check of the "monthly courses" from COLD, trouble of mind or like cause, it acts like a charm, by RESTORING THE DISCHARGE IN EVERY INSTANCE, thus relieving the fever, headache, pain in the small of the back and "lower stomach," flushes of heat about the face, chilly sensations, burning of the eyelids and general restlessness. Taken in time, all these symptoms pass away immediately, without injury to the constitution. Frequently, however, the proper remedy is not applied in time, the disease becomes chronic, and the foundation laid for numberless evils to the constitution of the woman. The next "turn" comes around and there is no "show," or perhaps the "whites" will appear. There will be some uneasiness about the womb, but very little or none of the natural fluid escaping. The complexion becomes sallow, bowels, swollen, a sort of greenish caste about the face, constant dull aching pains in the head, weight in the lower stomach and back, with or without whites, palpitations of the heart, pallor, exhaustion, indigestion, weariness, langour, aching across the loins, loss of appetite, pain in left breast, tightness across the chest, cough and giddiness. If still allowed to go on, "green sickness" will be fully developed—the headache becomes severe, with loss of memory, diminishing sensibility, SICK STOMACH, dyspepsia, no relish for food, loss of flesh, increased fluttering of the heart SWELLING OF THE FEET, legs and body and occasional spitting of blood. The slightest effort causes HURRIED BREATHING, almost SUFFOCATION. The skin is flabby and a "doughy feel." This is a sad picture, but it is the condition of thousands of women between the ages of 15 and 45, who are brought to the verge of the grave by ignorance or neglect to take the proper remedy. To all who are afflicted with any of the symptoms above mentioned, in connection with an irregularity of the "monthly sickness," we earnestly say TAKE DR. J. BRADFIELD'S FEMALE REGULATOR. A few ounces taken, you will at once experience its benefits, and with a little patience you will be fully restored to health.

This remedy has been extensively used for upwards of twenty years by many of the most experienced and successful Physicians of Georgia.

We repeat, that Dr. J. BRADFIELD'S FEMALE REGULATOR is prepared for WOMEN and to be used by Women only.

A trial is all we ask.

ATLANTA, Ga., December 29th, 1868.

DR. J. BRADFIELD—Dear Sir: I take pleasure in stating that some time previous to the late war, I used, with the utmost success, on a servant girl, your FEMALE REGULATOR, prepared then at Bradfield's Drug Store, West Point, Ga. She had been suffering severely from suppressed menstruation, and this Medicine soon restored her to health. She is, to-day, living in Atlanta, sound and well

I will state, further, that I know of its being used, with equal success, on a servant girl of my brother-in law, Professor Rutherford, of Athens, Ga. This woman had, I think, been diseased for six years. She was a house servant, and seemed cured, up to the time of "freedom." I do not hesitate to indorse your preparation for the purposes for which you recommend it.

Yours truly, JNO. C. WHITNER.

STATE OF GEORGIA, TROUP COUNTY.

This is to certify that I have examined the recipe of Dr. Joseph Bradfield, of this county, and, as a medical man, pronounce it to be a combination of Medicines of great merit in the treatment of all the diseases of females for which he recommends it. WM. P. BEASLEY, M. D.

This December 21st, 1868.

DR. J. BRADFIELD—Dear Sir: I have much pleasure in saying I have witnessed the most decided and happy effects of your Female Regulator in this neighborhood. WM. H. FINCHEN.

PURIFYING PILLS.

THE excellent Remedies of O. S. Prophitt, M. D., need no recommendation—their well known power in removing the diseases peculiar to our Southern climate having already established for them an enviable reputation in Georgia and the adjoining States. As the majority of persons living in the South are predisposed to disease of the Liver, it is granted by all intelligent physicians that most of the pains and aches of our people are due to organic or functional derangement of that important organ. Prophitt's Liver Medicine and Anti-Bilious Pills strike directly at the root of the evil. They cure the Liver which, in nine cases out of ten, is at the bottom of the Coughs, Dyspepsia, Colic, Sick Headache, Rheumatism, Constipation, Menstrual Obstructions, etc., so common among our people. Earache, Toothache, Acute Rheumatism, Neuralgia and and bodily pains of every kind flee before

The Girl for Me.

Just fair enough to be pretty,
Just gentle enough to be sweet,
Just saucy enough to be witty,
Just dainty enough to be neat.

Just tall enough to be graceful,
Just slight enough for a day,
Just enough dress to be tasteful,
Just merry enough to be gay.

Just tears enough to be tender,
Just slight enough to be sad,
Tones soft enough to remember,
Your heart thro' their cadence made glad.

Just meek enough for submission,
Just bold enough to be brave,
Just pride enough for ambition,
Just thoughtful enough to be grave.

A tongue that can talk without harming,
Just mischief enough to tease,
Manners pleasant enough to be charming,
That put you at once at your ease.

Disdain to put down presumption,
Sarcasm to answer a fool,
Contempt enough shown to assumption,
Proper dignity always the rule.

Flights of fairy fancy etherial,
Devotion to science full paid,
Stuff of this sort of material,

City and Suburban Affairs.

CHINESE IN GEORGIA.—We learn this morning that Chinese will be employed on the railroad now being constructed between Rome and Dalton.

NEEDED.—We think that our city fathers ought to place a cistern in front of the engine house of gallant little "Tallulah."

RAINS.—Copious showers have fallen in Atlanta and vicinity, Saturday, yesterday, and to-day.

A GREAT CONVENIENCE.—Parties visiting Griffin, Covington, or Jonesboro, and wishing to extend their visit into the country, will find the hacks and buggies of Lee & Bro., at those points, a very great convenience, and the terms reasonable.

REV. W. T. BRANTLEY.—A correspondent of the Augusta Chronicle and Sentinel, in noticing the recent Commencement Exercises of the Southern Female College, at LaGrange, says:

"The Rev. Dr. W. T. Brantley, of Atlanta, preached the Commencement Sermon, on Sabbath, to a very large and intelligent audience. The effort was spoken of as combining the masterly ability, oratory and eloquence, characteristic of the distinguished divine."

ATLANTA.—"Traveler" writes to the Chronicle and Sentinel, of the Gate City, as follows:

I found Atlanta in its usual state of excit[illegible] Crowds of people rushing to a[illegible]lls ringing, trains thundering, fi[illegible]eaping into the air, sky-rockets streaming away and bursting near the clouds, gilding the vision of the night, with scenery sublime.

Atlanta is truly a fast city. The population is estimated at thirty-five thousand and rapidly increasing. In a few years this will be the largest city south of the Potomac, or east of the Mississippi.

THE THIRD BAPTIST CHURCH.—We understand that a Third Baptist Church was constituted at North End, in this city yesterday. Dr. D. Shaver preached on the occasion, and Rev. Messrs. Brantley and Hooten participated in the services. The church is beautifully located on a commanding eminence, about a mile from the depot, and is, we believe, the only house of worship in that section of the city. One thousand dollars of the amount expended in its erection, was contributed by the First Baptist Church of New York, and was procured through the influence of Rev. R. M. Nott, who recently removed from Atlanta to Illinois. As yet, no pastor has been called by the new church.

FIRE IN MARIETTA.—We learn that on Friday last, the dwelling and out buildings of Dillard M. Young, Esq., at Marietta, were destroyed by fire. The dwelling had just been erected, and Mr. Young had moved in. Supposed to be accidental in its origin. Insured for $2,600.

On Saturday night, we are informed, that a fire broke out about eleven o'clock in a wooden tenement building, occupied by Mr. Dupre. The fire is supposed to have originated from the explosion of a kerosene lamp left burning, in which the oil was quite low. Mr. Dupre was insured for $500. Two brick stores adjoining, with their contents, were also destroyed. One of the stores was occupied by Mr. McCutchen, who was not insured. The buildings belonged to Mr. Cook, and was insured for $1,500 each. The glare of the fire was seen in our city by our police on duty at that hour.

Letter from General F. P. Blair.

NEW YORK CITY, July 10, 1869.

To the Editors of the N. Y. Express: The New York Tribune and the Times, do me a great injustice in their notice of the re-union of the officers of the Army of the Gulf, at Long Branch, New Jersey. * * * *

I was urged to attend this meeting and banquet, and declined to do so until a further refusal would have appeared churlish. I was appointed to respond to one of the regular toasts, and refused to do so. My reluctance to attend or speak at the banquet, grew out of the apprehension that these army re-unions were being used as Radical stalking-horses. The result justified the suspicions I had entertained, as an expression which cannot be tortured into anything but a compliment to our gallant soldiers, was eagerly seized by a portion of those present, and made the occasion of a gross and indecent insult to an invited guest. Very respectfully,

FRANK P. BLAIR.

VALLANDIGHAM AND ROSECRANZ—THE FORMER'S VERSION OF THEIR INTERVIEW.—When Vallandigham was at the headquarters of the Army of the Cumberland, passing through—on a free pass furnished by the President—to see his Southern brethren, Rosecranz looked at him keenly across the table, and said: "Vallandigham, I wanted to see whether you looked like a rascal."—*Cincinnati Commercial, July 9, 1869.*

Not correct. Standing in the middle of the parlor of the house of Hon. Charles Ready, then the headquarters of the Provost Marshal, in Murfreesboro, Tenn., about midnight, between May 24th and 25th, 1863, General Rosecranz, laying his hand on Mr. Vallandigham's shoulder, said: "He don't look a bit like a traitor; now does he, Joe?" (Meaning Colonel McK., of his staff." This is the precise remark made, the time when, the place where, and the circumstances under which. The whole of the four hours' interview was peculiar, interesting and agreeable—full, in fact, of the romance of history; and in its outcome, such as neither party will ever regret.—*Dayton (Ohio) Ledger, July 10th.*

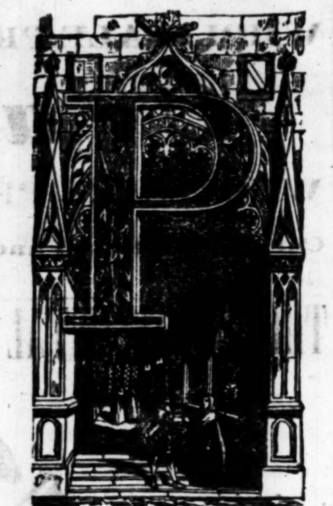

DANA.—A correspondent asks if Charles A. Dana is married? What kind of a man do you suppose he is when he has a Sun every morning—Sundays excepted?—*N. Y. Democrat.*

☞ The rapidity with which Plantation Bitters have become a household necessity throughout the civilized nations, is without a parallel in the history of the world. Over five million bottles were sold in twelve months, and the demand is daily increasing. Rich and poor, young and old, ladies, physicians and clergymen, find that it revives drooping spirits, lends strength to the system, vigor to the mind, and is exhausted nature's great restorer. It is compounded of the choicest roots and herbs, the celebrated Calisaya or Peruvian Bark, etc., all preserved in pure St. Croix Rum. It is sold by all respectable dealers in every town, parish, village and hamlet through North and South America, Europe, and all the Islands of the Ocean.

GORDON CO., GA., June 28, 1869.

MESSRS. ADAIR & BRO., Atlanta, Ga.—GENTLEMEN: We received yours a few days since, requesting a statement of the merits of the Gullett Gin purchased of you last year. I have to say of this Gin that it is decidedly the best Gin of which we have any knowledge. The workmanship of the machine is very superior, every part of it being made with great care, and the boxes and shafts being set in a cast iron frame, admitting of no springing or working. It runs with a smoothness and nicety seldom attained in such machines. The improvements of this Gin are: 1st, it takes the dirt and trash out of the cotton. 2d. It, by means of the steel brush wheel, combs out the lint, and renders the fibre much longer than the ordinary Gin, or, at least, makes the cotton show a much longer fibre. These two improvements gives cotton ginned on this Gin, we think, fully the advantage of 1¼ cents per pound in value over cotton of the same kind ginned on the ordinary gin; and when the cotton in the seed is very trashy and dirty, or contains a great many hard locks, it may add more to the market value of the lint. We could perceive no difference between the draught of this Gin and the old one we replaced by it of the same number of saws. The Gullett Gin certainly deserves the attention of planters.
Very respectfully,
J. C. & R. GARLINGTON.

SIMMONS' LIVER REGULATOR OR
Medicine for Dyspepsia, Headache Jaundice, Costiveness, Camp Dysentery, Sick Headache, Chronic Diarrhoea, Affections of the Bladder and Kidneys, Fever, Nervousness, hills, Diseases of the Skin, Impurity of the Blood Melancholy or Depression of Spirits

Most of the ailments here enumerated have their origin in a diseased liver, which is the most prevalent affection in this country, and as in many cases the patient is not within the reach of a physician, it requires that some remedy should be provided that would not in the least impair the constitution, and yet be active and safe. That such is the character of the SIMMONS REGULATOR there can be no doubt, which the testimony of hundreds will establish.

SYMPTOMS OF A DISEASED LIVER.
Pain in the side. Sometimes the pain is felt under the shoulder blade is mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness, bowels in general are costive, sometimes alternating with lax; the head is t[illegible]d with pain, accompanied with a dull, heavy sensation. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although satisfied that exercise would be beneficial to him, he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred when few of them existed, yet examination of the body after death has shown the Liver to have been extensively deranged.
It should be used by all persons, old and young, whenever any of the foregoing symptoms appear. It is a purely vegetable compound, is not injurious to the most delicate constitutions, and will keep the liver in healthy action if used properly. Persons living in unhealthy localities may avoid all bilious attacks by taking a dose occasionally to keep the liver in healthy action.
Regulator For children complaining of colic, headache, or sick stomach a teaspoonful or more will give relief. Children, as well as adults, eat sometimes too much supper, or eat something which does not digest well, producing sour stomach, heart-burn, or restlessness; a good dose will give relief. This applies to persons of all ages.
Many persons, from eating too much, are restless at night, or in day time fidgety, wool-gathering, can't understand what they read, can't keep their thoughts on any one subject so as to reason well, or become fretful. One or two tablespoonful will give relief.
Jaundice.—Take enough Regulator after eating each meal to produce one full action from the bowels every day.
Pregnant ladies will find sure relief from their headache, costiveness, swimming in the head, colic, sour stomach, restlessness, etc., etc.

DR. HUNTER
CONTINUES to treat all private diseases, Syphilis in all its forms, Gonorrhea, Gleet, Stricture, Orchitis, and all urinary diseases, and the effects of mercury are completely eradicated; Spermatorrhea or Seminal Weakness, resulting from self-abuse or other causes, and which produces some of the following effects: as blotches, bodily weakness, indigestion, constipation, aversion to society, unmanliness, dread of future events, loss of memory, indolence, nocturnal emissions, and finally prostration of the vital powers, can be fully restored to health. Persons afflicted with this, or any other delicate, intricate, or long standing constitutional complaint, should give the Doctor a trial. He never fails.
The Doctor publishes a medical circular that gives a full exposition of venereal and private diseases, that can be had free at his office, or by mail for one stamp. It gives a clear delineation of all the diseases and conditions resulting from the infringement of the moral laws, excesses, indulgences, exposures and imprudences in married or single life. Every sentence contains instruction to the afflicted, and enabling them to determine the precise nature of their complaints.
The establishment, comprising ten ample rooms, is central. When it is not convenient to visit the city, the Doctor's opinion can be obtained by giving a written statement of the case, and medicines can be forwarded by mail or express. In some instances, however, a personal examination is absolutely necessary, while in others, daily personal attention is required, and for the accommodation of such patients there are apartments connected with the office that are provided with every requisite that is calculated to promote recovery, including medicated vapor baths. All prescriptions are prepared in the Doctor's own Laboratory, under his personal supervision. Medical pamphlet at office free or by mail for two stamps. No matter who have failed, read what he says.
